

Behavioral Health

Patient Apparel

Specifically designed for behavioral health patients, this new collection adds security and safety features in both reusable and disposable solutions.

Better Care Starts With Safety and Comfort

encompassgroup.com

New Apparel Solutions for the Behavioral Health Patient Population

Until recently, patient apparel was one aspect of caring for behavioral health patients that was often overlooked—but one of those details that can make a significant difference. Encompass Group has introduced Behavioral Health Patient Apparel specifically designed to address the unique needs of behavioral health patients and their caregivers.

The Behavioral Health Patient Apparel collection is offered in both reusable and disposable fabric options, for maximum flexibility to meet a facility's needs for use in the ED, in-patient or outpatient areas. Both fabrics are featured in Hunter Green, a visual indicator commonly used to designate behavioral health

REUSABLES
