

Pediatric & Infants

Encompass understands what families go through when a child is sick and how important it is to be surrounded by an environment that assists a child's natural ability to cope and heal. With cheerful colors, prints and fabrics that are soft and comfortable, our pediatric products provide you with safe alternatives your patients and families are sure to love.

Better Care Starts With Safety and Comfort

encompassgroup.com

Encompass®

First in Safety and Comfort.

We partner with our valued customers to create warm, welcoming and healing environments.

From coordinated apparel and comforting textiles, to innovative patient care solutions that drive compliance and improve patient outcomes, Encompass helps you deliver a higher standard of care.

At Encompass, protecting your smallest patients means creating warm, reassuring spaces where they can safely rest, heal, and play. Our pediatric solutions unite innovative technologies that help prevent hypothermia and reduce infection with thoughtfully engineered textiles and apparel—an integrated portfolio of products, services, and education that supports every child in your care.

For nearly a century, Encompass has been helping healthcare and hospitality organizations create safe, comfortable environments for patients, staff, residents and guests.

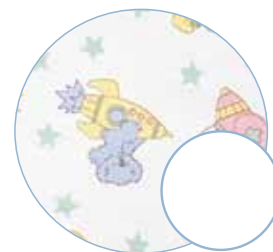

Encompass® Space Adventures

- Our Space Adventures line features fun and imaginative prints of koalas and kids in space
- With a soft t-shirt feel, our comfort knit fabric displays these vibrant designs on solid color backgrounds that coordinate with solid pajama pants
- All garments are 100% polyester and meet all federal flammability regulations for children's sleepwear

Thermoflect®

Comforting Warmth for Pediatric Care

Thermoflect® Heat Reflective Technology™ helps provide gentle, passive warming for pediatric patients before and after procedures, without the need for equipment connections.

Designed to help support comfort and warmth in the perioperative setting, Thermoflect products allow children to remain covered while waiting, helping create a calmer experience during what can often be an anxious time for patients and families.!
