

THERAPEUTIC SUPPORT SURFACES

In today's challenging healthcare arena, never before has the need for a clinically proven support surface that can help prevent and manage skin breakdown been so important. Who better to count on in these difficult times than the trusted partner you have relied on for years, Encompass.

eMax® Reassure

- A top layer of visco elastic foam from head to toe provides immersion and protection against skin breakdown.
- Surface is available with or without heel slope feature*.
- Six year warranty on mattress core.

eMax®

Pressure Redistribution Mattress

Therapeutic Support Surfaces are your first line of defense for patients or residents comfort and pressure management. The eMax portfolio of surfaces provides several surface options for users considered to be at risk of pressure ulcer development or treatment. In collaboration with the deserved level of comfort required, each eMax surface supports compliance efforts without an accompanying powered pump system.

System Features

- Firm side rails support transport, facilitate ingress/egress, and remind the patient or resident he/she is near the edge of the surface.
- Inverted seams and a unique, patent pending, band design helps control infection and infestation while the zipper & grommet-absent construction reinforces the integrity of the fire barrier.
- Nylon or 4-Way stretch covers available.

*The raised edge option serves as a patient or resident reminder of the side border to help prevent accidental falls

System Features

- Four-way stretch top cover—waterproof with very low MVTR
- Flexskin inner cover (not shown in photograph) — provides a buffer under the top cover to help lower friction and shear forces
- Firm perimeter foam borders for stability during ingress/egress — includes articulation channels for bed articulation
- Evacuation handles
- 360° zipper for easy access to the inner core
- For alternating pressure therapy, the eMax Air Pro surface should be used in combination with the control unit. This unit can be ordered using catalog number 2001039.

Details

- Weight capacity: 500 lbs
- Warranty
 - Mattress: 5 years
 - Cover: 2 years
