First in safety and comfort.

From coordinated apparel and comforting textiles, to innovative patient care solutions that drive compliance and improve patient outcomes, we partner with our valued customers to create warm, welcoming and healing environments.

For nearly a century, Encompass has been helping hospitals create safe and comfortable environments for patients, staff, family and visitors.

Whether developing advanced hypothermia prevention products, helping hospitals reduce patient falls or creating skin-friendly incontinence pads, we strive to offer a complete line of products, services and education programs that meet the challenges our customers face every day.

Encompass is a quality provider of reusable, disposable and limited-use medical products to the healthcare industry.

We believe that every patient, resident, caregiver and family member should feel safe and comfortable in today's healthcare environments. The way we enhance the healthcare experience is by developing innovative products that are reliably delivered and cost effective for all providers.

Why is the Comfort Bed System™ right for your facility?

Simplicity for the staff; better bedding for the patients.

First and foremost, the Comfort Bed System was designed with the patient and caregiver in mind. The products that make up the Comfort Bed System benefit the patient with skin-care-friendly designs, smooth surfaces, reduced pressures and better aesthetics for patient satisfaction. Staff benefits from the easier process of linen management and bed-making.

SHEETING

Sheeting

Our sheeting collections provide you with a broad array of choices to meet your unique needs. These high-quality, durable products provide cost-effective solutions for your facility.

Versa™-Knit and Versa™-Knit Ultra Bed Linens – Preferred by All!

Knitted bed linens are often preferred by patients, staff and laundry managers in the healthcare industry. The natural stretch and construction of these products make them easy to place on beds. They are also easy to process because there is no need to iron and can be delivered unfolded. Finally, their softness and stretch are ideal for comfort and skin care.

Taking these benefits a step further, Versa™-Knit and Versa™-Knit Ultra linens are made with thicker, high-performance 100% polyester jersey for exceptional comfort, better moisture wicking and softer hand than traditional cotton/polyester blended jersey knits. The 100% poly provides many more efficiency benefits as well – no wrinkling, better stain resistance and durability, and quicker processing times.

Versa™-Knit Fitted Bottom Sheets:

- 100% plated ring-spun and filament polyester fabric
- Green, 100% polyester super stretch rib knit binding
- Very soft to the hand
- Available in 24 oz and 27 oz weights

Versa™-Knit Ultra Fitted Bottom Sheets:

- 100% plated filament polyester fabric
- Green, 100% polyester super stretch rib knit binding
- Smoother looking and better performing alternative
- Designed for highest no pilling performance
- Faster drying time vs. Versa™-Knit (17% better)
- Improved stretch & appearance – will expand to fit a wider range of mattresses
- Available in 24 oz and 27 oz weights, and 42” width

Versa™-Knit and Versa™-Knit Ultra Sheet Highlights:

- Smooth, wrinkle-free fit with no elastics will virtually eliminate pressure points
- Special envelope design holds securely in place
- The highly breathable 100% fabric is more resistant to abrasion and mechanical damage than similar cotton/poly knit sheets
- Dries more rapidly than cotton/poly blends
- Special stretch construction ensures a wrinkle-free surface and accommodates a wide range of healthcare mattresses and enhanced stretch to fit over specialty toppers
- Color-coded binding (easy to see, easy to sort, easy to handle)
- Pillowcase available in No-Pill Versa™-Knit Ultra fabric

Superior Patient Comfort Meets

Improved Laundry Efficiencies with Versa™-Knit and Versa™-Knit Ultra

- Revolutionary design for patient safety & comfort
- Innovative Toe Pleat feature offers additional foot room and relieves pressure on feet caused by a traditional tucked-in woven flat sheet.
- Designed to be included in your skin integrity program
- Soft and luxurious Versa™-Knit fabric
- Yellow color-coded binding

INCONTINENT PADS

Incontinent Pads

Encompass understands that in providing incontinent products for your patients you are looking for long-lasting and hardworking products that help your patients maintain a sense of dignity. All of our products are designed to provide unmatched protection and comfort for the patients in your facility.

Comfort Care®

The Comfort Care® pad provides superior performance in its ability to help promote healthy skin integrity, protect the linen and mattress, as well as offer an environmentally safe, cost-effective alternative to disposable underpads. Round corners allow the Comfort Care pad to lay smoothly on the mattress.

CAT NO.	FACING	SIZE	WEIGHT	SOAKER (POLY/RAYON)	BARRIER	CORNERS	QTY/CS
50560-957	Turquoise 100% Polyester Knit	34x36	15.4 OZ	65/35	Blue	Round	36
50560-958	Turquoise 100% Polyester Knit	34x45	19.3 OZ	65/35	Blue	Round	24

ProGuard™

The ProGuard™ incontinence pad stands up to institutional laundering with its heavy-duty, fast-drying and long-lasting design. The ProGuard pad features a nonbrushed 100% Polyester facing that is less susceptible to burning in high heat environments. Round corners allow the ProGuard pad to lay smoothly on the mattress.

CAT NO.	FACING	SIZE	WEIGHT	SOAKER (POLY/RAYON)	BARRIER	CORNERS	QTY/CS
50560-2203	Blue 100% Polyester Honeycomb	34x36	22.3 OZ	65/35	Blue	Round	24

Poly Knit

The Poly Knit incontinence pad features a synthetic knit polyester for a quick-wicking surface against the skin. The Poly Knit pad offers good absorbency, wicking and laundry performance. Featuring a laminated construction that provides a thin profile for patient comfort while also providing durability during processing. Round corners help pad lay flat.

CAT NO.	FACING	SIZE	WEIGHT	SOAKER (POLY/RAYON)	BARRIER	CORNERS	QTY/CS
50560-2010	Blue Knit 100% Polyester	34x36	14.5 OZ	65/35	Blue	Round	36

CareGuard®

The CareGuard® incontinence pad features a microfiber facing that provides comfort for the patient and provides good wicking and absorbency performance. Round corners allow the CareGuard pad to lay smoothly on the mattress. A plaid facing option is also available.

CAT NO.	FACING	SIZE	WEIGHT	SOAKER (POLY/RAYON)	BARRIER	CORNERS	QTY/CS

50560-333	Plaid 100% Microfiber Polyester	34x36	15.8 OZ	65/35	Dark Blue	Round	36

BED COVERINGS

Bed Coverings

Encompass bed coverings assist in creating a room environment appropriate for rest and respite. Patients should feel positively about their room so that they can concentrate on their medical circumstances. A patient's sense of well-being comes in part from their perception of care and attention to detail.

Links Spread Blankets

An exclusive Encompass product, the Links combines the warmth of a traditional thermal blanket with the designer look of a textured bedspread.

- Fine yarns and tighter twist weave reduce snagging and the bulk and size of the spread
- Quicker processing time and less storage space on shelves and carts
- Durable and cozy blend of 55/45 cotton/polyester also has superior color retention

Ask Us About Our Labcoat Offering!

PEDIATRIC & INFANT

Pediatric & Infant Apparel

Kids want to be kids.

That's sometimes hard to do when they are in a healthcare setting, which can be scary and strange. Because we believe that everyone should feel safe and comfortable in their healthcare environment, we developed a line of pediatric apparel items to bring some familiarity back to their setting and allowing them to relax and focus on being themselves.

Space Adventures

- Our Space Adventures line features fun and imaginative prints of koalas and kids in space
- With a soft t-shirt feel, our comfort knit fabric displays these vibrant designs on solid color backgrounds that coordinate with solid pajama pants
- All garments are 100% polyester and meet all federal flammability regulations for children's sleepwear
